1. Disclaimer

The information contained in this request for proposals (RFP) is provided to Offeror(s) by the International Executive Service Corps (IESC) for the USAID Linkages for Small and Medium Enterprises (LinkSME) project.

The purpose of this RFP is to provide potential Offerors with information to assist them in the preparation of their proposals for the services that IESC seeks to source. This RFP does not claim to contain all the information each potential Offeror may require. Each potential Offeror should conduct its own assessment and should check the accuracy, reliability, and completeness of the information in this RFP, and where necessary obtain independent advice from appropriate sources.

IESC may cancel this RFP and is under no obligation to make an award as a result of this RFP, although IESC fully anticipates doing so.

Note that engagement of the selected Offeror may be subject to the approval of the United States Agency for International Development (USAID). Any activities under a final award are subject to and shall be carried out in accordance with the regulations promulgated by USAID, the Federal Acquisition Regulations (FAR), and any other subsequently published rule or regulation governing USAID programs. Please see the attached flow-down clauses that will be incorporated into the final award.

IESC may, at its own discretion, but without being under any obligation to do so, update, amend, or supplement the information in this RFP.

Interested offerors are responsible for all costs associated with the preparation and submission of proposals and will not be reimbursed by IESC.

IESC, at its own discretion, may award a company to conduct only a part of the activities in the RFP.

2. Background

IESC is a U.S.-based nonprofit organization operating in Vietnam pursuant to an operating license issued by the People's Aid Coordinating Committee. It implements the USAID Linkages for Small and Medium Enterprises (USAID LinkSME) project under a contract with USAID. Click [here](#) for more information.

The USAID LinkSME project supports the Government of Vietnam (GVN) in its efforts to develop, adopt, and implement policy and regulatory reforms to provide a more favorable environment for small and medium enterprises (SMEs). It also works with business support organizations (BSOs) and the GVN to improve the performance of SMEs and integrate them into lead firm supply chains. The lead agency for the project's work with BSOs and SMEs is the Agency for Enterprise Development (AED) under the Ministry of Planning and Investment (MPI).

SMEs traditionally have struggled to gain access to finance on reasonable terms. Mainstream banks and financial institutions are generally wary of lending to SMEs, preferring larger, more established customers. Their reluctance is driven by characteristics all too common with SMEs. For instance, many SMEs employ non-transparent accounting systems to minimize taxes. They often lack property that banks traditionally accept as collateral. They also have higher failure rates, and their capital needs are generally smaller in relation to the administrative costs of originating and servicing a loan.

The substantial economic shock of COVID-19 has exacerbated these challenges. SMEs are among the hardest hit by the pandemic, both in lost earnings and accumulated debt. Accessing finance, without additional assistance, is likely to prove even more difficult for SMEs in the coming months and years.

Nevertheless, there are some reasons for hope. Perhaps pushed by competition, public mandate, or sense of duty, various banks and financial institutions have begun to view certain SMEs as potential borrowers, even when lacking traditional forms of collateral, third party guarantees, or dependable revenue streams. These institutions are joining several government-founded funds that focus on SME lending, either directly or via a

third-party guarantee. Outside of traditional lending, various forms of blended finance are being developed by donors, private sector funds, and government entities. Finally, lenders and the agencies that regulate them are coming to realize that borrowers, in most cases innocent victims of the pandemic, will not be able to repay their loans in their entirety. Debt restructuring will become as much a necessity for creditors as it is for the companies that have borrowed from them.

To support SMEs to engage in the new trends of creative credit products and new financial resources, the Ministry of Planning and Investment, in cooperation with the USAID LinkSME project, will assist SMEs in achieving financial stability and accessing new sources of finance. During the financial year 2021, the project signed memoranda of understanding with six banks as a basis of cooperation, and intends to expand with five additional credit organizations, including leasing companies, financing companies, and investment funds. Among others, the project will assist these organizations in their capacity building through intensive training courses for credit appraisal officers and credit relations officers for SMEs on characteristics and needs for credit in several sectors where SMEs have advantages in joining global supply chains.

3. Scope Statement

IESC is seeking a qualified Vietnamese company or organization to design a 3-day training course on characteristics and needs for credit in several sectors where SMEs have advantages in joining global supply chains, and subsequently implement four training programs for credit officers of credit organizations.

All proposals must be valid for one hundred and twenty (120) days from the date of submission.

4. Subcontract Objectives

The objective of this subcontract is to assist the project's counterparts, in this case the AED and BSOs, to achieve the following outcome:

SMEs working in specific industrial sectors are supported in applying for and getting approved for loans from selected credit organizations, including commercial banks, leasing companies, and investment funds. For at least 10 SMEs, the credit application will be approved by credit organizations whose credit officers have received the training offered through this activity.

5. Period of Performance

The estimated period of performance of these tasks will be from 1 August 2022 to 31 July 2023 to complete the activities listed below in section 6.2.

6. Statement of Work

6.1 Contract Oversight

The selected Offeror will report to a Technical Assistance Manager within the Market Linkage team. The Technical Assistance Manager will review contract deliverables and invoices and give direction to the selected Offeror in the performance of their work. Additional contractual oversight and final approval of deliverables will be provided by the Market Linkage Team Lead.

6.2 Activities

The selected Offeror is expected to undertake the following tasks in close cooperation with the Agency for Enterprise Development – Ministry of Planning and Investment and USAID LinkSME:

No	Activities	Timeline
1	Conduct an assessment on the training needs and existing capacity of credit appraisal and credit relationships officers at credit institutions, which will focus on credit opportunities among SMEs. The list of targeted credit institutions will be recommended by the USAID LinkSME project. The gathered information, analysis, and conclusions will be formulated in a training needs assessment report, as per deliverable 1.	Aug 2022
2	Based on the training needs assessment, a comprehensive curriculum will be developed, including learning outcomes, description of the target groups, entry requirements, and mode of delivery. The curriculum will be validated with the USAID LinkSME project.	Sep 2022
3	Based on the curriculum, all course materials will be developed as per deliverable 2. These training materials will be validated with the USAID LinkSME project, AED, and all the project's partner credit institutions.	Sep 2022
4	Facilitate the implementation of each of the 4 training courses as defined in the curriculum, using the approved training materials and as per a training calendar to be agreed upon with USAID LinkSME. The implementation of the training courses includes: <ul style="list-style-type: none">• Promotion of the training among targeted credit institutions and their credit appraisal and credit relationships officers.• Enrollment of participants.• Approach, select, and agree with SMEs for field exposure day visits.• Prepare all the training materials for use by trainers and trainees.• Implement the two-day classroom training and the field exposure days.• Prepare training completion reports.	Oct 2022 - July 2023

7. Subcontract Type and Deliverables

The arrangement governing the contemplated work and payment therefore will be a **fixed-priced, deliverables-based** contract. The list of deliverables for use in preparing proposals can be found below; costs per each deliverable in the table below shall be proposed by the Offeror. Payment will be made based on the achievement of each milestone.

The due dates mentioned in the below table are indicative of the time schedule only, and do not indicate the level of effort of the Offeror, which has to be provided within these timeframes while also considering the time required by external parties or stakeholders or USAID LinkSME for reviewing, reacting, approving, or other relevant activities.

No.	Deliverables	Due Date
1	A training needs assessment report on capacity building of credit officers from credit institutions, including commercial banks, leasing companies, and investment funds, focusing on the topic of characteristics and needs for credit in several sectors where SMEs have advantages in joining global supply chains. The report will include sufficient details for developing a comprehensive training course.	Aug 2022
2	A set of training materials for training credit officers on “SMEs’ characteristics and need for credit”, considering the outcome of the training needs assessment as per deliverable 1, including a training curriculum, teaching guide, learning manuals, applicable tools, teaching aides and audio-visuals, skills standards, and skills assessment tools. The training course should cover a 2-day in-person training plus 1-day field-exposure. The training materials should also be digitized for uploading on the A2F website on the portal of the MPI.	Sep 2022
3	Four training delivery reports , based on the implementation of four training courses using the training materials of deliverable 2. The four training courses will be spread over three regions, i.e.: the north, the south and central of Vietnam. These institutions select 3 to 4 industry sectors that will be included in the course. The training includes two-days of classroom training followed by a field exposure day, spread over a maximum of 3 different days for each cohort of trainees, keeping the maximum of 10 participants in each group. In one field exposure day at least two SMEs will be visited. The training delivery reports will include an overview of participants, test results and participants feedback, proceedings, and lessons learned.	Oct 2022 – July 2023

8. Instructions to Potential Offerors

8.1 Submission

1. Offers received after the closing date may not be considered.
2. Cost proposals must be in VND (with possible reference to US Dollars).
3. Technical and cost proposals must be submitted as two separate documents. Cost information must not be included in the technical proposal.

Offerors would submit their proposals in either English or Vietnamese by the closing date and time, as listed on page one, to the following: procurement@linksme.org

8.2 Clarifications and Amendments

Potential Offerors may request clarifications in English or Vietnamese via email to procurement@linksme.org. These must be submitted no later than **5:30 PM Hanoi time, on the date specified below**. IESC will post answers to the questions and requests for clarification asked by all Offerors and received by the deadline on the IESC website with the RFP before the close of business on the date specified below. IESC may not answer questions before the proposal submission deadline outside of the allotted response period for clarifications. No questions will be answered over the phone or in person.

8.3 Chronological List of Proposed Events

The following calendar summarizes important dates in the solicitation process. Offerors must strictly follow these deadlines:

RFP published	24 June, 2022
Deadline for written questions	29 June, 2022
Answers provided to questions/clarifications	01 July, 2022
Proposal due date	15 July, 2022
Contract award (estimated)	10 August, 2022

9. Cover Page and Markings

In addition to the required proposal documents listed in sections 12, 13, and 17 below, please include a cover page with your submission for the technical and the cost proposals (separate cover pages). The cover page should be on company letterhead and should contain the following information:

- 1) Project or Title (from the front page of this RFP document)
- 2) Bid Reference Number (from the front page of this RFP document)
- 3) Company Name
- 4) Company Address
- 5) Name of Company's authorized representative
- 6) Contact person if different than Company's representative
- 7) Telephone #, Cellular/Mobile Phone #, Email address
- 8) Duration of Validity of proposal
- 9) Total Proposed Price (**cover page of cost proposal only**)
- 10) Signature, date, and time

10. Eligibility Requirements

Each Offeror will be required to present a business registration and must have proven experience in conducting the tasks required.

The offeror could be a private company, non-profit organization, or private civil society organization.

Firms operated as commercial companies or other organizations or enterprises (including nonprofit organizations) in which foreign governments or their agents or agencies have a controlling interest are not eligible as suppliers of commodities and services. No governmental, quasi-governmental, or parastatal organizations are eligible to bid on this RFP or to be awarded a contract under this RFP.

Co-joint proposals are acceptable provided that the technical and cost proposals clearly identify the sub-contractor(s). Award may be contingent upon USAID's final approval.

11. Basis for Award

IESC anticipates that the award will be based on best-value principles. Accordingly, the award will be made to the technically acceptable Offeror(s) whose proposal(s) provides the greatest overall value to IESC and the USAID LinkSME project, price and other factors considered, and whose proposal(s) conforms to all solicitation requirements.

To help determine the best value, proposals will be evaluated on the criteria below. The number of points assigned, totaling 100 points, indicates the relative importance of each individual criterion. Offerors should note that these criteria serve to: (a) identify the significant factors which Offerors should address in their proposals, and (b) set the standard against which all proposals will be evaluated.

12. Technical Proposal Evaluation

Please read carefully, the following are instructions for preparing proposals. Proposals must be organized into sections corresponding to the sections presented in **12.1 Technical Evaluation Criteria** and numbered accordingly. Please stay within the page limits given below.

Only include the requested information and avoid submitting extra content. Any pages exceeding the page limitation for each section of the proposal may not be evaluated.

Proposals shall be written in English or Vietnamese with each page numbered consecutively. Cover pages, dividers, and tables of contents are not subject to the page limit.

12.1. Technical Evaluation Criteria

Proposals will be evaluated according to the following criteria. Points will also reflect the overall presentation of the proposal, which should be clear, complete, well organized, and well written. Most importantly, proposals should address all the requirements listed in this RFP.

[1] Technical and management approach: 5-page limit; possible points: 40

Proposals will be scored on the demonstration of the technical expertise and capabilities to conduct activities and deliver the deliverables as outlined in **Section 6.2 Activities and Section 7. Subcontract Type and Deliverables**, and will be reviewed based on:

- The Offeror's description of how they understand all the activities required, how to approach each activity, detailing the methodology to implement, how to organize training courses to meet full targets in paragraph 6.2 and deliverables described in paragraph 7.
- The Offeror's approach to 1) undertake the training needs assessment, 2) the development of training materials and assuring this meets the training needs, 3) selecting the credit institutions that will participate in the training, 4) selecting SMEs that will participate in the field exposure days, and 5) testing and certifying trainees.
- The means by which the Offeror will assure the quality of work.
- Work plan to implement activities.

[2] Offeror's past performance and references: 3 pg. limit (not including samples of previous work, which may be attachments); possible points 30

The proposal must provide a detailed account of the Offeror's record in implementing similar activities to those outlined in the tasks and activities. This should include sufficient information to demonstrate the Offeror's performance for the above tasks and activities.

Offerors should also provide a minimum of three (3) references for past and present clients for which the Offeror has completed a similar task. References must include contact information.

[3] Offeror's Personnel Experience and Capacities: 2 pg. limit (not including resumes or CVs, which are attachments); possible points 30

The technical proposal must include a description (biographical sketch acceptable) of trainers and key personnel who will directly engage in the task. Resumes or CVs must be submitted as attachments for individuals submitted in this section and do not count within the page limitations of this section.

This section will be marked on the extent to which the Offeror's or its personnel have experience in the design and implementation of relevant regulatory reviews.

13. Cost Proposal Evaluation

The Offeror shall submit a separate cost proposal that includes the project cost of performing the activities as described above. These costs should be broken down to show the separate cost of each deliverable and **the total cost for all activities and**

deliverables. The total cost of the activities must be included in a summary sheet. As noted above, IESC will pay a fixed price per approved completion of each deliverable listed in Section 7. Subcontract Type and Deliverables.

All proposed costs must be in accordance with the U.S. Government Cost Principles under FAR Part 31.

The cost proposal must include:

1. A spreadsheet that lists each deliverable per **Section 7. Subcontract Type and Deliverables** and the proposed payment price for each deliverable.
2. The offeror must provide either a detailed budget showing major line items such as Salaries, allowances, travel costs, other direct costs, or Activity budgets. The budget must show unit prices, quantities, and total price.
3. The cost proposal shall also include a budget narrative that explains the basis for the estimation of cost elements or line items. Supporting information must be provided in sufficient detail and include unit cost information to allow for a complete analysis of each cost element or item. IESC shall request additional cost information if the Evaluation Committee has concerns about the reasonableness, necessity, and realism of an offeror's proposed cost.
4. If it is an offeror's regular practice to budget an indirect rate for overhead costs, the offeror must explain the rate and the rate's base of application in the budget narrative. IESC reserves the right to request additional information to substantiate an offeror's indirect rate.

14. Source of Funding, Authorized Geographic Code, and Source of Origin

Any subcontract resulting from this RFP will be financed with USAID funding and will be subject to U.S. Government and USAID regulations.

All goods and services offered in response to this RFP or supplied under any resulting award must meet USAID Geographic Code 937 in accordance with the United States Code of Federal Regulations (CFR), 22 CFR §228, available at: <http://www.gpo.gov/fdsys/pkg/CFR-2012-title22-vol1/pdf/CFR-2012-title22-vol1-part228.pdf>.

The cooperating country for this RFP is the Socialist Republic of Vietnam.

Offerors must not offer or supply any products, commodities, or related services that are manufactured or assembled in, shipped from, transported through, or otherwise involving any of the following countries: Cuba, Iran, North Korea, (North) Sudan, Syria. Related services include incidental services pertaining to any/all aspects of this work to be performed under a resulting contract (including transportation, fuel, lodging, meals, and communications expenses). Offerors also must not offer or supply telecommunications equipment or services prohibited by Section 889 of the U.S. Government's National Defense Authorization Act (NDAA). The list of prohibited companies as defined by the U.S. Government under Section 889 is as follows:

- Huawei Technologies Company
- ZTE Corporation
- Hytera Communications Corporation
- Hangzhou Hikvision Digital Technology Company

- Dahua Technology Company
- And associated subsidiaries or affiliates

15. Deviations

IESC reserves the right to waive any deviations by offerors from the requirements of this solicitation that in IESC's opinion are considered not to be material defects requiring rejection or disqualification; or where such a waiver will promote increased competition.

16. Discrepancies

Please read the instructions carefully before submitting your proposal. Any discrepancy in following the instructions or award provisions may disqualify your proposal without recourse or an appeal for reconsideration at any stage.

17. Conflict of Interest Declaration

The appropriate authority for the Offeror shall fill-in, sign, and submit the Conflict of Interest Declaration found in Attachment A. Please submit this Declaration with your proposal submission.

18. Award Selection Process

The following steps outline IESC's award selection process and should be understood by all Offerors to ensure the transparency of awards and avoid conflict of interest.

1. Requests for Proposals (RFPs) are posted on IESC's website. The offer is open to all qualified offerors;
2. Clarifications will be emailed to all offerors submitting questions, as well as posted on IESC's website, simultaneously;
3. Once the proposals are received, an evaluation committee scores them;
4. Cost proposals are evaluated for reasonableness, accuracy, and completeness;
5. The best value proposal is selected based on a combination of the technical score and the cost; and
6. No activity can be started until USAID has approved the appointment of the subcontract if necessary and both IESC and the awardee have signed a formal contract.

19. Ongoing Obligations and Integrity

The selected offeror will be required to comply with all administrative standards and provisions required by USAID. The applicable contracting regulations as shown in Attachment B below will be included in the subcontract between IESC and the selected offeror.

IESC policy against fraud and code of business ethics exists throughout the life of the sub-award and beyond. Even if the sub-award is closed or has expired, if any party is found guilty of fraud, IESC will make a full report to the USAID Office of Inspector General, which may choose to investigate and prosecute guilty parties to the fullest extent of the law.

Attachment A

Disclosure Form

No application to serve as a subcontractor to IESC under this RFP will be considered unless the Offeror makes the disclosures below.

Why are these disclosures necessary?

Pursuant to the Project Implementation Manual for the USAID LinkSME Project, IESC must encourage a “competitive method of the subcontractor selection process.” During the implementation of the subcontract, IESC needs to ensure that the engaged subcontractor: (i) has been appointed in a fair, transparent and competitive manner; (ii) is not subject to any improper influence that may compromise its ability to produce work in good faith, to exercise independent judgment, or that calls into question the legitimacy and credibility of its work product; and (iii) produces deliverables that can be fairly and professionally evaluated free of any suggestion that the evaluation is subject to improper influence.

What disclosures must be made?

Offerors must disclose any relationship that:

- Indicates or suggests that the Offeror may have influence over employees of USAID LinkSME or its implementing partner so that its selection as a subcontractor is not and is not seen to be unfair or improper in any way.
- Indicates or suggests that the Offeror may be influenced by employees of USAID LinkSME, or its implementing partners so that its independent judgment or the credibility of its deliverables is or could be undermined or compromised in any way; and
- Indicates or suggests that the Offeror may have influence over employees of USAID LinkSME or its implementing partners so that the review of its performance or the acceptance of its deliverables is, or is seen to be, unfair or improper in any way.

What happens if a disclosure is made?

Not all disclosures will result in disqualification. IESC will consider each disclosure to determine the nature of the relationship disclosed, the extent to which it may influence a person, and the nature of the influence itself. In doing so the IESC may consider among other things, the duration of the relationship, whether it has a personal or financial element to it, and whether any mitigation measures might be put in place to limit the harm or potential harm that may arise in light of the disclosure.

What happens if a necessary disclosure is not made?

If IESC becomes aware of a relationship between the Offeror or any of its officers or employees that ought to have been disclosed by an Offeror and the Offeror has failed to do so, the IESC may:

- Disqualify the Offeror from the selection process no matter if the conflict was capable of mitigation or not; or
- Terminate any related subcontract and withhold any outstanding payments.

In such cases, the disqualification of an Offeror or the early termination of a subcontract, may be publicly disseminated which may have a negative impact on the Offeror's reputation. It is therefore in the best interests of each Offeror to make a full and comprehensive disclosure so that any questions regarding the validity of the Offeror's selection or the credibility of any subcontractor's work product are dealt with upfront, in a transparent, fair and amicable manner.

FAR 52.204-1 APPROVAL OF CONTRACT (DEC 1989)

This subcontract may be subject to the written approval of the Contracting Officer.
(End of clause)

AIDAR 752.209-71 ORGANIZATIONAL CONFLICTS OF INTEREST DISCOVERED AFTER AWARD (JUN 1993)

1. The Contractor agrees that, if after award it discovers either an actual or potential organizational conflict of interest with respect to this contract, it shall, subject to any confidentiality obligation owed to other parties, make an immediate and full disclosure in writing to the Contracting Officer which shall include a description of the action(s) which the Contractor has taken or proposes to take to avoid, eliminate or neutralize the conflict.

2. The Contracting Officer shall provide the contractor with written instructions concerning the conflict. USAID reserves the right to terminate the contract if such action is determined to be in the best interests of the Government.

(End of clause)

AIDAR 752.242-70 PERIODIC PROGRESS REPORTS (OCT 2007)

1. The Contractor shall prepare and submit progress reports as specified in the contract schedule. These reports are separate from the interim and final performance evaluation reports prepared by USAID in

accordance with (48 CFR) FAR 42.15 and internal Agency procedures, but they may be used by USAID personnel or their authorized representatives when evaluating the contractor's performance.

2. During any delay in furnishing a progress report required under this contract, the contracting officer may withhold from payment an amount not to exceed US\$25,000 (or local currency equivalent) or 5 percent of the amount of this contract, whichever is less, until such time as the contractor submits the report or the contracting officer determines that the delay no longer has a detrimental effect on the Government's ability to monitor the contractor's progress.

(End of clause)

AIDAR 752.7013 CONTRACTOR-MISSION RELATIONSHIPS (JUNE 2018) (M/OAA-DEV-AIDAR-18-04c)

1. The Contractor acknowledges that this contract is an important part of the United States Foreign Assistance Program and agrees that its operations and those of its employees in the Cooperating Country will be carried out in such a manner as to be fully commensurate with the responsibility, which this

entails. This responsibility includes the Contractor ensuring that employees act in a manner consistent with the standards for United Nations (UN) employees in Section 3 of the UN Secretary General's Bulletin - Special Measures for Protection from Sexual Exploitation and Sexual Abuse (ST/SGB/2003/13).

2. The Mission Director is the chief representative of USAID in the Cooperating Country. In this capacity, the Mission Director is responsible for both the total USAID program in the cooperating country including certain administrative responsibilities set forth in this contract, and for advising USAID regarding the performance of the work under the contract and its effect on the United States Foreign Assistance Program. Although the Contractor will be responsible for all professional, technical, and administrative details of the work called for by the contract, it must be under the guidance of the Mission Director in matters relating to foreign policy. The Chief of Party must keep the Mission Director currently informed of the progress of the work under the contract.

3. If the Contractor determines that the conduct of any employee is not in accordance with the preceding paragraphs, the Contractor's Chief of Party must consult with the USAID contracting officer and the Mission Director and the employee involved and must recommend to the Contractor a course of action with regard to such employee.

4. The parties recognize the rights of the U.S. Ambassador to direct the removal from a country of any U.S. citizen or the discharge from this contract of any individual (U.S., third-country, or cooperating-country national) when, at the discretion of the Ambassador, the interests of the United States so require. Under these circumstances termination of an employee and replacement by an acceptable substitute must be at no cost to USAID.

5. If it is determined, under paragraphs (c) and (d) above, that the services of such employee must be terminated, the Contractor must use its best efforts to cause the return of such employee to the United States or third country point of origin as appropriate.

(End of clause)

AIDAR 752.7025 APPROVALS (APR 1984)

All approvals required to be given under the contract by the Contracting Officer or the Mission Director shall be in writing and, except when extraordinary

circumstances make it impracticable, shall be requested by the Contractor sufficiently in advance of the contemplated action to permit approval, disapproval or other disposition prior to that action. If, because of existing conditions, it is impossible to obtain prior written approval, the approving official may, at his discretion, ratify the action after the fact.

(End of clause)

AIDAR 752.7101 VOLUNTARY POPULATION PLANNING ACTIVITIES (JUNE 2008)

1. Requirements for Voluntary Sterilization Program. None of the funds made available under this Contract shall be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.
2. Prohibition on Abortion-Related Activities.
 1. No funds made available under this Contract will be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to any person to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family Planning ; and (v) lobbying for or against abortion. The term "motivate", as it relates to family planning assistance, shall not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options.
 2. No funds made available under this Contract will be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of family planning. Epidemiologic or descriptive research to assess the incidence, extent or consequences of abortions is not precluded.

(c) The Contractor shall insert this provision in all subcontracts.

(End of clause)

AIDAR 752.222-71 NONDISCRIMINATION (JUNE 2012)

FAR part 22 and the clauses prescribed in that part prohibit contractors performing in or recruiting from the U.S. from engaging in certain discriminatory practices.

USAID is committed to achieving and maintaining a diverse and representative workforce and a workplace free of discrimination. Based on law, Executive Order, and Agency policy, USAID prohibits discrimination in its own workplace on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, disability, age, veteran's status, sexual orientation, genetic information, marital status, parental status, political affiliation, and any other conduct that does not adversely affect the performance of the employee. USAID does not tolerate any type of discrimination (in any form, including harassment) of any employee or applicant for employment on any of the above-described bases.

Contractors are required to comply with the nondiscrimination requirements of the FAR. In addition, the Agency strongly encourages all its contractors (at all tiers) to develop and enforce nondiscrimination policies consistent with USAID's approach to workplace nondiscrimination as described in this clause, subject to applicable law.

(End of clause)

AIDAR 752.231-72 CONFERENCE PLANNING AND REQUIRED APPROVALS (AUG 2013)

1. Definitions. Conference means a seminar, meeting, retreat, symposium, workshop, training activity or other such event that requires temporary duty travel of USAID employees. For the purpose of this policy, an employee is defined as a U.S. direct hire; personal services contractor, including U.S. PSCs, Foreign Service National (FSN)/Cooperating Country National (CCN) and Third Country National (TCN); or a Federal employee detailed to USAID from another government agency.
2. The contractor must obtain approval from the contracting officer or the contracting officer's representative (COR), if delegated in the Contracting Officer's Representative Designation Letter, as prescribed in 731.205-43, prior to committing costs related to conferences funded in whole or in part with USAID funds when:
 1. Twenty (20) or more USAID employees are expected to attend.
 2. The net conference expense funded by USAID will exceed \$100,000 (excluding salary of employees), regardless of the number of USAID participants.

3. Conferences approved at the time of award will be incorporated into the award. Any subsequent requests for approval of conferences must be submitted by the contractor to the USAID contracting officer representative (COR). The contracting officer representative will obtain the required agency approvals and communicate such approvals to the contractor in writing.
4. The request for conference approval must include:
 1. A brief summary of the proposed event;
 2. A justification for the conference and alternatives considered, e.g., teleconferencing and videoconferencing;
 3. The estimated budget by line item (e.g., travel and per diem, venue, facilitators, meals, equipment, printing, access fees, ground transportation);
 4. A list of USAID employees attending and a justification for each; and the number of other USAID- funded participants (e.g., institutional contractors);
 5. The venues considered (including government-owned facility), cost comparison, and justification for venue selected if it is not the lowest cost option;
 6. If meals will be provided to local employees (a local employee would not be in travel status), a determination that the meals are a necessary expense for achieving Agency objectives; and
 7. A certification that strict fiscal responsibility has been exercised in making decisions regarding conference expenditures, the proposed costs are comprehensive and represent the greatest cost advantage to the U.S. Government, and that the proposed conference representation has been limited to the minimum number of attendees necessary to support the Agency's mission.

(End of clause)

AIDAR 752.7036 IMPLEMENTING PARTNER NOTICES (IPN) FOR ACQUISITION

This is not applicable to the Subcontractor.

AIDAR 752.7037 CHILD SAFEGUARDING STANDARDS (AUG 2016)

1. Implementation of activities under this award may involve children, or personnel engaged in the implementation of the award may come into

contact with children, which could raise the risk of child abuse, exploitation, or neglect within this award. The contractor agrees to abide by the following child safeguarding core principles:

1. Ensure compliance with host country and local child welfare and protection legislation or international standards, whichever gives greater protection, and with U.S. law where applicable;
 2. Prohibit all personnel from engaging in child abuse, exploitation, or neglect;
 3. Consider child safeguarding in project planning and implementation to determine potential risks to children that are associated with project activities and operations;
 4. Apply measures to reduce the risk of child abuse, exploitation, or neglect, including, but not limited to, limiting unsupervised interactions with children; prohibiting exposure to pornography; and complying with applicable laws, regulations, or customs regarding the photographing, filming, or other image generating activities of children;
 5. Promote child-safe screening procedures for personnel, particularly personnel whose work brings them in direct contact with children; and
 6. Have a procedure for ensuring that personnel and others recognize child abuse, exploitation, or neglect; mandating that personnel and others report allegations; investigating and managing allegations; and taking appropriate action in response to such allegations, including, but not limited to, dismissal of personnel.
2. The contractor must also include in the code of conduct for all personnel implementing USAID-funded activities, the child safeguarding principles in paragraphs (a)(1) through (6) of this clause.
3. The following definitions apply for purposes of this clause:
1. Child. A child or children are defined as persons who have not attained 18 years of age.
 2. Child abuse, exploitation, or neglect. Constitutes any form of physical abuse; emotional ill- treatment; sexual abuse; neglect or insufficient supervision; trafficking; or commercial, transactional, labor, or other exploitation resulting in actual or potential harm to the child's health, well-being, survival, development, or dignity. It includes, but is not limited to: Any act or failure to act which results in death, serious physical or emotional harm to a child, or an act or failure to act which presents an imminent risk of serious harm to a child.

3. Emotional abuse or ill treatment. Constitutes injury to the psychological capacity or emotional stability of the child caused by acts, threats of acts, or coercive tactics. Emotional abuse may include, but is not limited to: Humiliation, control, isolation, withholding of information, or any other deliberate activity that makes the child feel diminished or embarrassed.

4. Exploitation. Constitutes the abuse of a child where some form of remuneration is involved or whereby the perpetrators benefit in some manner. Exploitation represents a form of coercion and violence that is detrimental to the child's physical or mental health, development, education, or well-being.

5. Neglect. Constitutes failure to provide for a child's basic needs within USAID-funded activities that are responsible for the care of a child in the absence of the child's parent or guardian.

6. Physical abuse. Constitutes acts or failures to act resulting in injury (not necessarily visible), unnecessary or unjustified pain or suffering without causing injury, harm or risk of harm to a child's health or welfare, or death. Such acts may include, but are not limited to: Punching, beating, kicking, biting, shaking, throwing, stabbing, choking, or hitting (regardless of object used), or burning. These acts are considered abuse regardless of whether they were intended to hurt the child.

7. Sexual abuse. Constitutes fondling a child's genitals, penetration, incest, rape, sodomy, indecent exposure, and exploitation through prostitution or the production of pornographic materials.

- (d) The contractor must insert this clause in all subcontracts under this award.
(End of clause)

FAR 52.203-99 PROHIBITION ON CONTRACTING WITH ENTITIES THAT REQUIRE CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS (APR 2015)

1. The Contractor shall not require employees or subcontractors seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

2. The contractor shall notify employees that the prohibitions and restrictions of any internal confidentiality agreements covered by this clause are no longer in effect.
3. The prohibition in paragraph (a) of this clause does not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.
4. (1) In accordance with section 7 43 of Division E, Title VI I, of the Consolidated and Further Continuing Resolution Appropriations Act, 2015 (Pub. L. 113-235), use of funds appropriated (or otherwise made available) under that or any other Act may be prohibited, if the Government determines that the Contractor is not in compliance with the provisions of this clause.
(2) The Government may seek any available remedies in the event the contractor fails to comply with the provisions of this clause.
